DOCKLEVELER SAFETY UPGRADES

Making
Docks
Safer.

HYDRAULIC CONVERSION KITS

Bending and shifting while pulling the chain of a mechanical DockLeveler can result in worker injury. Ideal Warehouse's push-button activated Hydraulic Conversion Kits make your converted dock safer, more productive and will increase its longevity.

Available in 115/208/230/460/575 Volt systems.

MECHANICAL HOLD-DOWN REPLACEMENT KITS

A worn-out hold-down on a mechanical dock leveler creates a safety hazard. Ideal Warehouse's Mechanical Hold-Down Kits help keep the leveler deck in place and increases its life expectancy.

TOE GUARD KITS

Eliminate the pinch points of a rising & lowering dock leveler with Ideal Warehouse's Toe Guard Kits. Whether replacing worn ones or upgrading to create a safer system, these kits are easy to install and fit almost any model of DockLeveler.
